To raise money for summer programs or to aid PTA presidents with planning for the next school year, Alison's Pantry offers delicious options for fundraising groups.

You can sell our AP Mixes (with no shipping costs) or design a fundraiser with other AP products. We can send samples of the mixes to the fundraiser contact person so they can see how delicious these products are. Then the group will decide which products to offer, and set the prices for their customers. School children or other group members then market the AP products to their groups, and take orders for the products. Orders are then placed with the AP Representative's monthly order, and no shipping is charged. The group pays the price shown in the current catalog for the products, and sells them for a higher amount, keeping the profit for their organization.

Here are some benefits of fundraising with these Alison's Pantry products:

- Our delicious mixes are convenient for any family, and taste like home-made.
- AP mixes come in generously-sized 4 lb. bags, for multiple batches. The bags are sealed in top-quality plastic for ease of distribution.
- Our mixes don't require any refrigeration, making it easier to store and distribute to customers.
 - Each mix is labeled with a large, easy to read label, so even children can easily identify the products to deliver.
 - The fundraising group can choose the pricing to offer their group, and no shipping is charged.
 - Earn great returns for your school or organization!

Plan now for the upcoming school year! Contact your Alison's Pantry Representative today to order your fundraising supplies!
