

Cookbooks

You may not find them in the catalog, but Alison's Pantry always offers these tried-and-true cookbooks. Just let your Representative know if you'd like to add one to your order.

#1902 \$11.19

This best-selling, comprehensive cookbook is full of delicious recipes all made from your personal home storage. It has 278 pages and over 550 recipes to help you use all of that dehydrated food in your basement.

With recent world events and food shortages, many people are storing powdered milk as part of their food storage program. This book includes 65 pages of great recipes and even teaches how to make yogurt and cottage cheese, in addition to conversion charts and basics.

#1904 \$8.49

#1905 \$6.49

This is a specialty cookbook packed with accurate information about dried eggs. This cookbook is a must for anyone who has dried eggs in their food storage. The dried eggs manufactured today are very delicious and can be reconstituted and used in any recipe calling for fresh eggs.

Because dry beans and rice store so well, people are storing large quantities of these items. This book has 165 pages of wonderful recipes. Beans and rice eaten together make a complete protein, so they can be substituted for meat in the diet. This book has many charts on how to cook the various types of beans and rice and helpful hints.

#1906 \$11.99

#2239 \$11.99

Funeral potatoes is a traditional dish that can be found on the buffet table of nearly every funeral luncheon. This book has many variations on the original as well as over 100 other fabulous potato recipes and tips.

Mix-A-Meal Cookbook features 46 original mixes and over 100 delicious recipes. Each mix in the cookbook has a mini mix to sample for a small batch or a taste test. You learn to use basic ingredients like shortening powder, margarine powder, butter powder, tomato powder, and dehydrated eggs to make just-add-water mixes. You will be able to reduce the preservative content in your foods or adjust the mixes as necessary to fit special dietary needs.

#2250 \$14.99

Loaded with practical tips and delicious recipes, Grandma's Modern Inflation Fighters helps you use what you have on hand. Many recipes make use of dehydrated products as well. 208 very helpful pages.

#5591 \$14.99

Delicious Meets Nutritious is the most comprehensive cookbook on agave on the market. This beautifully illustrated, full-color cookbook is loaded with everyday favorites that make changing your diet for the better easy and delicious. The cookbook clearly illustrates the versatility and ease of which agave can be exchanged for sugar to reduce your total caloric intake. Recipes include everything from sauces, quick breads, cakes, cookies and ice cream to salad dressings. Xagave has a 2-3 year shelf life so it's great for long-term storage.

#5017 \$21.99
